

International Workshop on Cleanrooms Organised by ISHRAE & ASHRAE

10th December, 2010 (Friday) in Mumbai

This programme brings you some of the best professionals in the world to share their knowledge in the subject. **Distinguished Lecturer from ASHRAE: Dr.Vijayakumar** will deliver the following lectures:

Introduction to Particle Mechanics

Fundamentals of High Efficiency Air Filters - Theory & Practice

Dr Vijayakumar is the President of IEST. He has a PhD in Mechanical Engineering specializing in Particle Technology from the University of Minnesota, and has over 25 years' experience. He has held senior technical and marketing positions in leading filter, filter media, and particle instrumentation companies, where he has assisted customers around the world with their filtration and particle measurement problems. He lectures worldwide on various aspects of filtration and contamination control.

In addition, we will have lectures from eminent professionals in the field of filters ,cleanroom controls,clean room AHU's , panelling, air controls & fans

This is an opportunity not to be missed if you are from any of the many user organisation viz. pharma, atomic energy, health-care or from consulting or contracting organisations in the HVAC field.
